OBJECTIVE

Final-year Computer Science and Engineering student with hands-on experience built and deployed two AI-integrated applications including a live platform and a published accessibility tool. Seeking a Software Engineering role to bring the same build-and-ship approach to real-world engineering challenges.

EDUCATION

B.E. Computer Science and Engineering | CGPA: 8.45 | May 2027

Hindusthan College of Engineering and Technology, Coimbatore.

Higher Secondary Course (HSC) | 86% | Mar 2023
Thanthai Roever Higher Secondary School, Perambalur.

TECHNICAL SKILLS

Languages: Java | Python | C | Dart

Frontend: Next.js | React.js | Flutter | Tailwind CSS

Backend: Node.js | REST APIs | NextAuth.js

Database: PostgreSQL | MySQL | SQLite | Prisma ORM

Tools: Git | GitHub | Vercel | VS Code | Postman

Core CS: Data Structures & Algorithms | OOP | DBMS | OS | Computer Networks

PROJECTS

Smart Uzhavar — AI-Powered Farming Advisory System

Tech Stack: Next.js | TypeScript | Prisma ORM | PostgreSQL | Google Gemini API | NextAuth.js | Tailwind CSS | Vercel

- Engineered a full-stack web platform giving small and marginal farmers access to AI-driven crop advisory, live market prices, and localized weather updates — deployed and publicly live on Vercel.
- Empowers underserved farming communities by delivering real-time, region-specific agricultural guidance through AI, reducing dependency on middlemen and bridging the rural information gap.

Live: smart-uzhavar.vercel.app

GitHub: github.com/CRK08/Smart-Uzhavar.git

Travid — AI-Powered Accessible Travel Assistant [Published — IJSREM Journal, Nov 2025]

Tech Stack: Flutter | Dart | Google Gemini 2.5 Flash | Firebase Auth | Cloud Firestore | Riverpod | OpenStreetMap | Speech APIs

- Designed and shipped an accessibility-first mobile application for visually impaired and normal users, where voice is the sole interface — requiring zero screen interaction across all core navigation flows.
- Bridges the mobility gap for visually impaired individuals by enabling fully independent travel through AI-powered assistance, voice biometric authentication, and real-time navigation.

GitHub: github.com/CRK08/Travid---app.git

CERTIFICATIONS & ACHIEVEMENTS

- Uyir Hackathon** — Final Round Runner-Up (Tamil Nadu state-level competition)
- Smart India Hackathon** — Internal Hackathon
- NPTEL Certified — **Cloud Computing** (IIT Kharagpur)
- NPTEL Certified — **Cyber Security & Privacy** (IIT Madras)

LEADERSHIP EXPERIENCE

Event Coordinator — Paper Presentation | College Symposium

- Managed end-to-end coordination for 30+ teams with 100+ participants; oversaw evaluation flow, scheduling, and participant communication under time constraints.

Freshers' Day Organizer — Non-Technical Events

- Planned and executed non-technical engagement events for 100+ first-year students, managing end-to-end logistics and participant coordination.

EXTRACURRICULAR ACTIVITIES

Chess | Books
